### MONEY NEEDED.

point to the probability that immediately after the holiday recess congress nay be compelled to consider some measures for the relief of the treasury even before the Hawsiian question and Wilson tariff bill are disposed of.

In his report to congress Secretary Carliale's statement of the condition of the treasury was frank shough to make immediate netion indispensible, but even his frankness has been outdone by the efficial atatement of the condition of the treasury pub-lished Thursday. The treasury bal-"The limiting of bonds is an outrage upon a liberty loving people. Bonds and slavery are synonymous terms. Recent anthentic statistics prove that a lished Thursday. The treasury and lished Thursday. Recent authentic statistic prove that sum of money equal to the entire circumstance of the people of this lands of the people of this and \$6,582,500 was currency. Moreover, the receipts of the treasury are constantly running down and there is nation into the overflowing coffers of almostately running account of a change for the interest-talors at least once every six months, and that means that on an average of once every the corner from ceipts by 15, 284,000, making a total depeople must reborrow the money from the first aix mionths of the interest-takers, with new securimipts by \$5,780,000, making a total dedient year about \$15,000,000.

ties. Thus the compound power grows step by step, and, if not checked, will absorb all wealth and leave labor in The enatoms receipts for Decomber, 87,845,005, are the lowest for any month since 1865. The month's receipts will se little more than half of the customs eccipts for just December. A loss of the profit out of the money and put it info labor and pet it info labor and pet it info labor and pet it info labor and products. As it now is, soon not only further invade, but exhaunt the gold reserve.

The receipts from internal revenue taxes have also steadily decreased to create other dollars the profit of the

trines have also steadily decreased. Thus, for instance, the receipts from internal revenue for the month of De-cember up to the present time have been only 23,747,000, while the internal revenue receipts for the corresponding nouth for last year were \$14,840,850, The situation is aggravated by the

fact that January payments are about to fall due. These include nearly 80,and Pacific railroad Ca. the quarterly payment of pensions, amounting to between \$12,000,000 and \$18,000,000, must be met. This lends emphasis to prophetic warning ex-pressed by Secretary Carllele in his realoners and other creditors of the gov

longer shut its eyes. Something must be done and that immediately. It is therefore, probable that congress will be arged to set at once upon the recom-mendation of Secretary Carlisle, holeing to an issue of bonds and authoriz-ing the accretary to issue certificates of indebtedness redeemable within one
